Pan American Hemodynamics Collaborative

In collaboration with
Neonatal Hemodynamics Research Center &
Neonatal Hemodynamics Special Interest Group at
American Society of Echocardiography

PROUDLY PRESENTS

2022

Neonatal Hemodynamics Webinar Series

Interactive discussions on Hot Topics in Neonatal Hemodynamics from World renowned Experts!
Free and Single Registration for all webinars!!
Save the dates and Register now!!!

Invited Speakers

Dr. Regan Giesinger
Clinical Associate Professor
University of Iowa
Iowa, USA

Prof. Afif El-Khuffash
Professor of Pediatrics
Rotunda Hospital, RCSI
Dublin, Ireland

Dr. Souvik Mitra
Assistant Professor
Dalhousie University
Halifax, NS, Canada

Dr. Dany Weisz
Director, TNE program
Sunny brook Health Sciences Centre Toronto, ON,
Canada

Dr. Carl Backes
Assistant Professor, Pediatrics
Ohio State University College of Medicine
Columbus, OH, USA

Prof. Willem DeBoode
Professor of Neonatology
Radboud University
Nijmegen, Netherlands

Annual Agenda

FEB
16

RV function and Neonatal Outcomes in HIE

Dr. Regan Giesinger

APR
20

Is percutaneous device closure the new standard for PDA

Dr. Carl Backes

JUN
15

Understanding evidence for drugs to close the PDA

Dr. Souvik Mitra

AUG
17

Is there a role for RCT in Neonatal Hemodynamic research?

Prof. Afif El-Khuffash

OCT
19

Developing a curriculum for Neonatal Hemodynamics Training - lessons learned

Dr. Dany Weisz

DEC
21

Non-invasive monitoring in Hemodynamics

Prof. Willem DeBoode

Organizers

Prof. Patrick McNamara
Chair, Pan-American Hemodynamic
Collaborative University of Iowa, USA

Dr. Gani Abdul Wahab
Associate Professor
McMaster University
Hamilton, ON, Canada

Dr. Yasser Elsayed
Associate Professor
University of Manitoba Winnipeg, MB,
Canada

Dr. Lauren Ruoss
Assistant Professor
University of Florida Gainesville, FL,
USA
