

# Announcing our new Co-Chair for the PAS HD Advisory Club

*"I am pleased to announce that Dr. Audrey Hebert has been appointed as the new co-chair of the Neonatal Hemodynamics Club Advisory at PAS."*

**Dr. Audrey Hebert**

Co-Chair Neonatal Hemodynamics Club Advisory at PAS

CHU de Québec-Université Laval  
Quebec City, Canada

**Dr. Audrey Hebert** completed her primary medical training at Université Laval in 2010, Neonatal and Perinatal Medicine training in 2010 and her Neonatal Hemodynamics training at the University of British Columbia in 2012.

Over the past 10 years she has established herself as a leader in the field of neonatal hemodynamics through peer reviewed publications, participation in clinical trials in hemodynamics, research mentorship, and national/international talks. She is the director of the neonatal hemodynamics program at Université Laval, CHU de Quebec.

It would be remiss of me to not show our deepest appreciation to **Dr. Martin Kluckow** for his tireless efforts in making the Hemodynamics Club a flagship event at the PAS meeting. You have been an incredible partner and you will be missed. I have no doubt that Dr. Hebert will be an incredible advocate for hemodynamics and will help navigate our field forward in a positive light.

Congratulations Audrey, we look forward to working closely with you.

**Patrick McNamara, MB BCh, BAO, DCH, MSc (Paeds), MRCPCH, FASE**  
Chair, PAS HD Advisory Club
